Coffee Maker for Coffee Soft Pods
Top Model

www.boncafe.co.th

Description

- 1 or 2 cups coffeemaker with pressure brewing system for coffee soft pods.
- Freshly prepared, hot and tasty coffee by a short brewing time, preparation of instant drinks and a device for milk frothing for e.g. Cappuccino.
- The first coffee maker for soft pods with a professional milk frothing device: sucks milk and delivers warm, creamy milk froth directly into the cup. Fast and easy cleaning.
- Separate hot water outlet for the preparation of 1 or 2 cups of tea or instant drinks like e.g. hot chocolate.
- Automatic pre-brewing function: the pad is moistened before the brewing process. The aroma can develop even better.
- Perfect crema system: Delicious crema by patented system.
- Variable selection of the volume per cup between 50 ml and 300 ml by rotary button.
- Safe control:
 - Lock of brewing chamber with security device.
 - Overpressure valve for safety in case of non-conform use.
 - Automatic switch-off after one hour without use.
 - Heating with double overheating protection.
 - Pump with overheating protection.
- Sophisticated and functional design: chromed matt operating elements, illuminated push buttons.
- Hot-water boiler made of stainless steel.
- Automatic temperature control.
- Dual pad holder for 1 or 2 coffee soft pods.
- XL-water container for 1.3 l content and practical handle, detachable and self-standing.
- Coffee outlet adjustable in height for cups up to a size of 110 mm (height).
- Stainless steel grating detachable and with position marking for the cups.
- Removable collecting bowl.
- On/off press button.
- Press button for premature stop of the brewing process.
- Control lamps for functions, and lack of water.
- Indicator for de-scaling and individual setting of the degree of water hardness.
- Cable reel facility in the bottom.
- De-scaling programme.
- Made in Germany.
